World-famous photographer Zion Ozeri, a Manhattan resident raised in Israel, is acclaimed by organizations around the world for capturing, in some instances, the last Jewish communities in many countries, from India to Iran. He has traveled the world collecting these priceless cultural portraits of a people united by tradition. To illuminate the Haggadah, the annual retelling of the Jewish people's escape from Egypt, Ozeri's photographs are paired with modern text by noted Jewish scholar and Hagaddah expert, Shoshana Silberman, whose *A Family Haggadah I and II* (Karben) are widely used in Reform and Conservative Jewish family celebrations of Passover. This handsome, affordably priced Haggadah, in trade paperback, is the first of its kind to use photography to illustrate the annual book of prayers and traditions used in over 6,000,000 Jewish households across America each year. Each photo will be accompanied by a facing caption telling the land of origin of its subjects, from Argentina to Bukharin to the land of Israel.

This is the only Haggadah to combine contemporary photographs from around the Jewish world with one of the most user friendly and all inclusive commentary by Shoshana Silberman.

The photographs were carefully chosen to relate to the text on the page, creating and encouraging a conversation around the Seder table, by children and adults alike. The photographs from Israel, India, Morocco, USA, Argentina, Peru to name but a few, bring to light other Jewish communities and traditions. Shoshana Silberman's notes, interpretations and guidance makes leading the Seder and navigating the book easy. Her comments throughout, help explain the source of many of the different customs that are part of the Seder ceremony among diverse Jewish communities-Sephardim, Ashkenazim, etc.
